Disclaimers

Legal Liability: Save for the death or personal injury caused by the negligence of the organisers, or anyone for whom they are in law responsible, neither the organisers of this event or the A.I.R.C. nor any agent, employee or representative of these bodies, nor the landlord or his tenant, accepts any liability for any accident, loss, damage, injury or illness to horses, owners, riders, spectators, land, cars, their contents and accessories, or any other person or property whatsoever, whether caused by their negligence breach of contract or in any other way whatsoever. Entries are only accepted on this basis.

Health and Safety: The organisers of this event have taken reasonable precautions to ensure the Health and Safety of everyone present. For these measures to be effective, everyone must take all reasonable precautions to avoid and prevent accidents occurring and must obey the instructions of the organisers and all the officials and stewards.

Competitors are required to conduct themselves and retain control of their horses so that they do not put themselves or anyone at risk.

Contractors working at the event are required to observe best working practices, complying with all health and safety legislation relevant to their business and take all reasonable and practical steps to safeguard the health and safety of their employees and any other person attending this event.

Exhibitors (trade stands) are responsible for the safety of their own stands and the risks that they may pose to employees and any other persons within their allocated space or immediate surrounding areas.

Photographic rights: Competitors and their guardians hereby give permission for any photographic and/or film or TV footage taken of persons or horses taking part in A.I.R.C. events to be used and published in any media whatsoever for editorial purposes, press information or advertising by or on behalf of the A.I.R.C. and/or official sponsors of the A.I.R.C.

Emergencies

Emergency services must have access to all parts of the event site at all times and the main routes must not be obstructed.

Emergency first aid can be contacted through any steward, judge or official - most quickly through those with a radio. Accidents involving horse and competitors must be reported to the secretary's office.

Property

The Association of Irish Riding Clubs CLG is not responsible for the theft of any property or tack during the show. It is the competitor's responsibility to ensure that all tack/property is kept in a safe place.

Volunteers

All participating clubs must submit a volunteer form when submitting entries for this event.

Due to the size of this event, a huge number of stewards is required to ensure the event is viable and a success.

The volunteer form must be returned with the entry forms otherwise we will not be able to accept your clubs entries for the weekend. Full contact details must be provided. We welcome competitors to help during the Festival.

The Committee undertakes to contact each of these people well in advance with a job and a time. Again, your clubs co-operation here is vital to the continued viability and success of the Festival. Without your help over the weekend, there can be no show.

The event also requires an increased number of safety stewards and vigilance by all A.I.R.C. members during the weekend. We are looking for help from club safety stewards and, if each of these were to contribute a couple of hours, there will be no difficulty in ensuring an adequate number of stewards in attendance at all times, without imposing an excess burden on any individual. If you have not yet been contacted, perhaps you would get in touch with the office.

The chief safety officer and safety stewards who will be in attendance at the Riding Clubs Festival have the power to eliminate a rider from competition for any breach of the safety rules if they feel that this is warranted.

Any insurance claim jeopardises the viability of the insurance policy for all members of the A.I.R.C. and it is likely that, without the umbrella insurance provided by the A.I.R.C., the vast majority of riding clubs could not exist.

Proper riding and headgear must be worn at all times, both in the rings and when exercising or riding on the grounds. People riding or exercising on the grounds must be paid up riding members of A.I.R.C. No person under the age of 17 may sit on, lead, lunge or ride any horse or pony regardless of ownership, at this event. Horses must be walked to dressage, show jumping or showing arenas. No cantering, galloping or trotting is allowed regardless of how late you are for your competition.

Safety Stewards are there for your safety, so please obey them at all times. Remember they are riding club members like you who give up their time to ensure that nothing untoward happens at the Festival that might jeopardise our insurance. Please treat them and all stewards with courtesy.

Various Disciplines

Dressage

It is important that all competitors ensure that they are entered in the correct class and have learnt the right test. There has been some confusion in the past which has resulted in delays and these carry on throughout the day.

It is up to each competitor, on entry to the dressage area, to report to the call-up steward who will check you in and direct you to your correct work-in area. ***It is very important that competitors follow this procedure as, unless they do, the steward will not be aware of their presence on the field and it is possible they may miss their turn as it will be assumed they are not competing.***

You must then report to the tack steward for tack inspection. Please remember that it is **your responsibility to know the rules** and ensure that you are properly turned out. In any case the judge's decision is final.

Remember to wear gloves and those with long hair must either tie it back or wear a hairnet. No jewellery, apart from watches or stud earrings, allowed.

It is most important to note that, for everyone's safety, once you have been sent by your call-up steward to the arena, you walk only to your designated arena. Be fair to your fellow competitors, you would not like another competitor to canter up behind your arena and turn your lovely halt from an 8 to a 3 because your horse got a fright. 'Do unto others as you would have them do unto you'

Primary riders may use a whip, but not spurs, other grades may use a whip and/or spurs.

It is important that you arrive in plenty of time to work in for your test as you must adhere to your allocated time. As the programme is so full, you will not be accommodated at the end of the class and, therefore, will miss your competition.

Show Jumping

Practice Rings: Fences in the practice ring are not permitted to be higher than any fence in the competition arena. Please do not allow trainers, or helpers to raise the fences above the allowed height. Only a certain number of competitors will be allowed in to the practice ring at any time, the safety steward will let the competitors know when they can come into the practice ring.

Please co-operate with the starters, they are doing a difficult job and are trying to keep the competition moving. You have been allocated times and, as much as possible, we will try to keep to them but, if you find you have a problem, go along to the starter and explain, and he/she will endeavour to fit you in. Also, if you are ready and are asked to slot in, please do so if you can.

In the team competitions, the team will jump as a team – in other words, the whole team comes to the practice area and will jump one after the other. In the event of the team being clear, the captains will be recalled at the end of the competition to jump against the clock.

Primary/Advanced Primary riders are not permitted to wear spurs in jumping classes or their respective practice areas.

Showing

Whilst we do not want to make any hard and fast rules about the showing classes we recommend that both horse and rider are turned out as neatly as possible.

- Rider:** Hairnet if hair is long, be it male or female rider! Gloves should be worn. Black, navy or tweed jacket. A stock may be worn with black or navy hunting jacket but a tie with the tweed jacket. Beige or cream breeches or jodhpurs.
- Horse:** It is desirable that you show your horse in a simple double bridle or snaffle. Preferably no martingales. No boots or bandages. No flashy numnahs
- Format:** Ride around the ring following one another. The steward will ask the whole class to walk, trot and canter on. The judge will call in the horses in order of preference and then ride the horses. The saddles are then taken off and each horse is stood up in front of the judge before being asked to walk away and trot back past the judge. Saddles are then replaced and horses remounted and the judge makes his or her final placing.

Primary riders are no longer eligible to enter the showing classes. However, please note that a showing class has been specifically included for the primary rider. All types of horses may enter this class.

Tack for Working / Performance Hunter

Double bridle, pelhams and snaffles are all acceptable. Three ring snaffles are also permitted. Flash nosebands and drop nosebands, grackle and cavesson are all allowed. Standing martingales are not allowed. Boots are permitted but should be removed for phase two of the Working Hunter. **If martingales are worn in the jumping phase, they must be worn during the showing phase.**

Side Saddle

Ladies riding a horse suitable for, and to be ridden side saddle. Manners and suitability taken into consideration. Habit and top hat may be worn in this class.
